Société Alzheimer Society
NEW BRUNSWICK / NOUVEAU BRUNSWICK

We see communities where no one suffers from dementia – we have taken a stand against the disease, defied its predicted path, and *defeated its dark shadow*

On Friday, June 5th, we were thrilled to launch our new vision to a full room of engaged stakeholders in Fredericton. At this critical time in social and health policy for seniors in New Brunswick, the Alzheimer Society of New Brunswick is responding to the challenge by introducing new programs, expanding our reach and working to improve the experience of living with dementia in our province. Special thanks go to our emcees for the evening from our Board of Directors, Daphne Noonan(as seen in photo) and Kevin Brewer. We would also like to offer special thanks to our guest speakers, local sports celebrity Jake Allen, Goalie for the St Louis Blues and Fredericton's Athlete of the Year, John McGarry, President, Horizon Health Network, and Dr.Tom Barry, long respected local family physician and Chief of Staff for Horizon Health. Thank you to all who joined us to celebrate this very special event.
