Alzheimer Society of B.C. — 2020 Election Questions

Thank you for sharing your vision for a dementia-friendly British Columbia and raising the voices of people affected by dementia.

A BC Liberal party would work with the Alzheimer Society of B.C. to ensure meaningful improvements in how British Columbians affected by dementia are supported, including through partnerships such as First Link. British Columbians deserve a world-class public health system that is robust and accessible to all. We will work to improve the quality of health care for the benefit of all British Columbians.

The heart-breaking health-impacts of COVID-19 among seniors in our long-term care and assisted living residences is a tragedy. A BC Liberal government will implement measures to enable family members to safely visit seniors living in long-term care, assisted and independent living residences during the COVID-19 pandemic, to bring residents comfort and companionship.

For further details on our plans, please see our [platform](#).
