

WMKL

CHARTERED PROFESSIONAL ACCOUNTANTS AND BUSINESS ADVISORS

PRESENTS THE
PETER SARACINO
**ALZHEIMER
GOLF CLASSIC**

In support of the Alzheimer Society of Niagara Region

SEPTEMBER 17, 2025 || ROCKWAY VINEYARDS

3290 NINTH ST, ST. CATHARINES

**THE PETER SARACINO ALZHEIMER GOLF CLASSIC
OFFERS A VARIETY OF UNIQUE PARTNERSHIP AND
PROMOTIONAL OPPORTUNITIES TO SUPPORT THE
12,097 INDIVIDUALS IN THE NIAGARA REGION LIVING
WITH A PROGRESSIVE DEMENTIA**

Peter Saracino was our former CEO who passed away in November 2007. Peter joined the Society in 2003 when the organization received a large bequest. Peter and other founding members wanted to ensure the longevity of our organization and therefore The Alzheimer Society Niagara Foundation was created. He dedicated his entire professional life to the not-for profit sector and helping others.

Peter fell ill to cancer, and we re-named the tournament in the fall of 2007 while he was still with us because of his love of golf and his unwavering dedication to our cause.

When someone receives a dementia diagnosis, it profoundly impacts their life and those around them. The emotional toll can be overwhelming, with feelings of grief, anger, loss, fear, shock, and disbelief. Simple tasks become daunting challenges, and cherished memories fade away.

Caregivers are also deeply affected, experiencing high levels of stress due to concerns about their loved one's deteriorating condition. They grapple with sadness, exhaustion, anxiety, loneliness, and fear of what lies ahead.

Family dynamics and friendships can strain under the weight of this diagnosis, leading to isolation and negative health effects for both the person with dementia and their caregiver.

The Alzheimer Society provides vital support, education, resources, and connections to improve the quality of life for those living with dementia, letting them know they are not alone.

Your contribution can truly make a meaningful difference

**We don't stop
living once we
are diagnosed.**

**"WHEN I FINALLY RECEIVED THE
DIAGNOSIS OF PROBABLE
FRONTOTEMPORAL DEMENTIA, I
WAS LIKE, 'OK, NOW WE KNOW.
AND NOW I CAN FIGHT THIS
THING.'" - MARY BETH**
