

Cut & Paste Pumpkin Face

Cut out a jack-o'-lantern face to adorn a clay flowerpot. Add a stick for a stem and top it off with Spanish moss.

You will need:

- [Jack-O'-Lantern Faces](#) printed on copy paper
- 4" clay pot with drain hole
- 3"–4" twig that fits in the pot's drain hole
- Spanish moss
- Glue stick
- Double-sided tape
- Scissors

Display a picture of a [completed Cut & Paste Pumpkin Face](#) to show crafters what they'll be making.

Directions:

1. Select a mouth, nose, and eyes and cut them out. Turn the flowerpot upside down before using a glue stick to attach the face.

2. Make a plus sign with double-sided tape so it covers the drain hole.
 3. Poke the twig through the tape and into the drain hole.
 4. Arrange a small bundle of Spanish moss on top of the double-sided tape.
