

The Weather-Forecasting Groundhog

According to legend, if the groundhog sees its shadow on February 2, we will have six more weeks of winter weather. If it does not, then spring is on the way. Match the clue to the correct answer.

- | | |
|-----------------------------------------------------------------------|------------------|
| 1. To foretell a future event | A. Atmosphere |
| 2. Habitat | B. Barometer |
| 3. Large star | C. Climate |
| 4. An ice coating that forms in cold conditions when the air is humid | D. Cyclical |
| 5. The air or gases surrounding a planet | E. Winter |
| 6. Groundhog | F. Drizzle |
| 7. Winter precipitation | G. Environment |
| 8. Autumn follower | H. Forecast |
| 9. It measures atmospheric pressure | I. Frost |
| 10. Winter follower | J. Snow |
| 11. Weather conditions of an area | K. Jet stream |
| 12. Study of weather and climate | L. Spring |
| 13. Occurring in cycles | M. Sun |
| 14. Strong air currents that encircle the planet | N. Meteorology |
| 15. Silhouette | O. Prognosticate |
| 16. Prediction of the weather | P. Shadow |
| 17. Very fine drops of lightly falling rain | Q. Woodchuck |
| 18. Home state of Punxsutawney Phil | R. Pennsylvania |

The Weather-Forecasting Groundhog

(solution)

- | | |
|-----------------------------------------------------------------------|------------------|
| 1. To foretell a future event | O. Prognosticate |
| 2. Habitat | G. Environment |
| 3. Large star | M. Sun |
| 4. An ice coating that forms in cold conditions when the air is humid | I. Frost |
| 5. The air or gases surrounding a planet | A. Atmosphere |
| 6. Groundhog | Q. Woodchuck |
| 7. Winter precipitation | J. Snow |
| 8. Autumn follower | E. Winter |
| 9. It measures atmospheric pressure | B. Barometer |
| 10. Winter follower | L. Spring |
| 11. Weather conditions of an area | C. Climate |
| 12. Study of weather and climate | N. Meteorology |
| 13. Occurring in cycles | D. Cyclical |
| 14. Strong air currents that encircle the planet | K. Jet stream |
| 15. Silhouette | P. Shadow |
| 16. Prediction of the weather | H. Forecast |
| 17. Very fine drops of lightly falling rain | F. Drizzle |
| 18. Home state of Punxsutawney Phil | R. Pennsylvania |
