The party's is over and the new year's here, but the house is such a mess!

While eating **5 strawberries**, I secretly wished I'd celebrated much less.

A **champagne bottle** with missing **cork** and **Chianti bottle** were part of the libations,
And adding to the mood were **3 New Year's tiaras**, a **noisemaker**, and red carnations.

2 black evening gloves and **a pair of gold high heels** were found on the floor,

Along with a **silver jigger**, **bottle opener**, **corkscrew**, **spoon**, and more.

A **box of playing cards**, **poker hand of 5 cards**, and **joker** were left on the table.

A game of Chance had seemed fitting for farewell to a year so unstable.

Cleanup continued with a **bowl of potato chips** and **pretzels** thrown away.

A break, with a **cup of java** from a **can of coffee**, helped save the day.

3 champagne flutes were cleaned with **3 sponges**, **2 red scrubbing gloves**, and **Dawn**.

Then, with the help of **Comet**, **Windex**, **dustpan**, and **broom**, the mess was finally gone.

So, with a **pocket watch**, **3 bottles of Coca-Cola**, and a **bottle cap** at the ready,

it was time to welcome another year with hope both strong and steady!

With **4 pairs of 2021 sunglasses** to wear and **2 handbells** to ring,

I can put away the **packet of Alka Seltzer**, because I'm ready for anything!
