Directions:

1. Cut a 10" strand and two 5" strands of your 3/8" wide ribbon. Use Glue Dots to hold them together in a peace-sign formation as shown below.

2. Slide 7 to 9 beads onto the 3 ribbons and then assemble the embroidery hoop with the ribbon ends sandwiched inside. Cut off the excess ribbon.
3. Tie twine or ribbon to the metal tightener at the top of the hoop for hanging. You can hang the decoration as is or continue to add more embellishment.
4. Cut 10–12 strands of different ribbons, ranging in length from 7"–10". Thread several beads onto each strand, knotting the ribbon to hold the beads in place.
5. Attach the ends of the ribbon to the hoop using Glue Dots.
6. Hang your project on your door or as a wall decoration.
