

### Butterfly Pen Toppers

Color, fold, and cut out a provided butterfly design to make a pen topper that looks nice and prevents pens from rolling off tables.

#### You will need:

- [Butterfly designs](#) printed on white card stock
- Colored pencils or markers
- 3" piece of black pipe cleaner
- Glue Dot (permanent tack)
- Scissors

Display a picture of some completed [Butterfly Pen Toppers](#).  
Crafters will enjoy making them to share with family and friends.

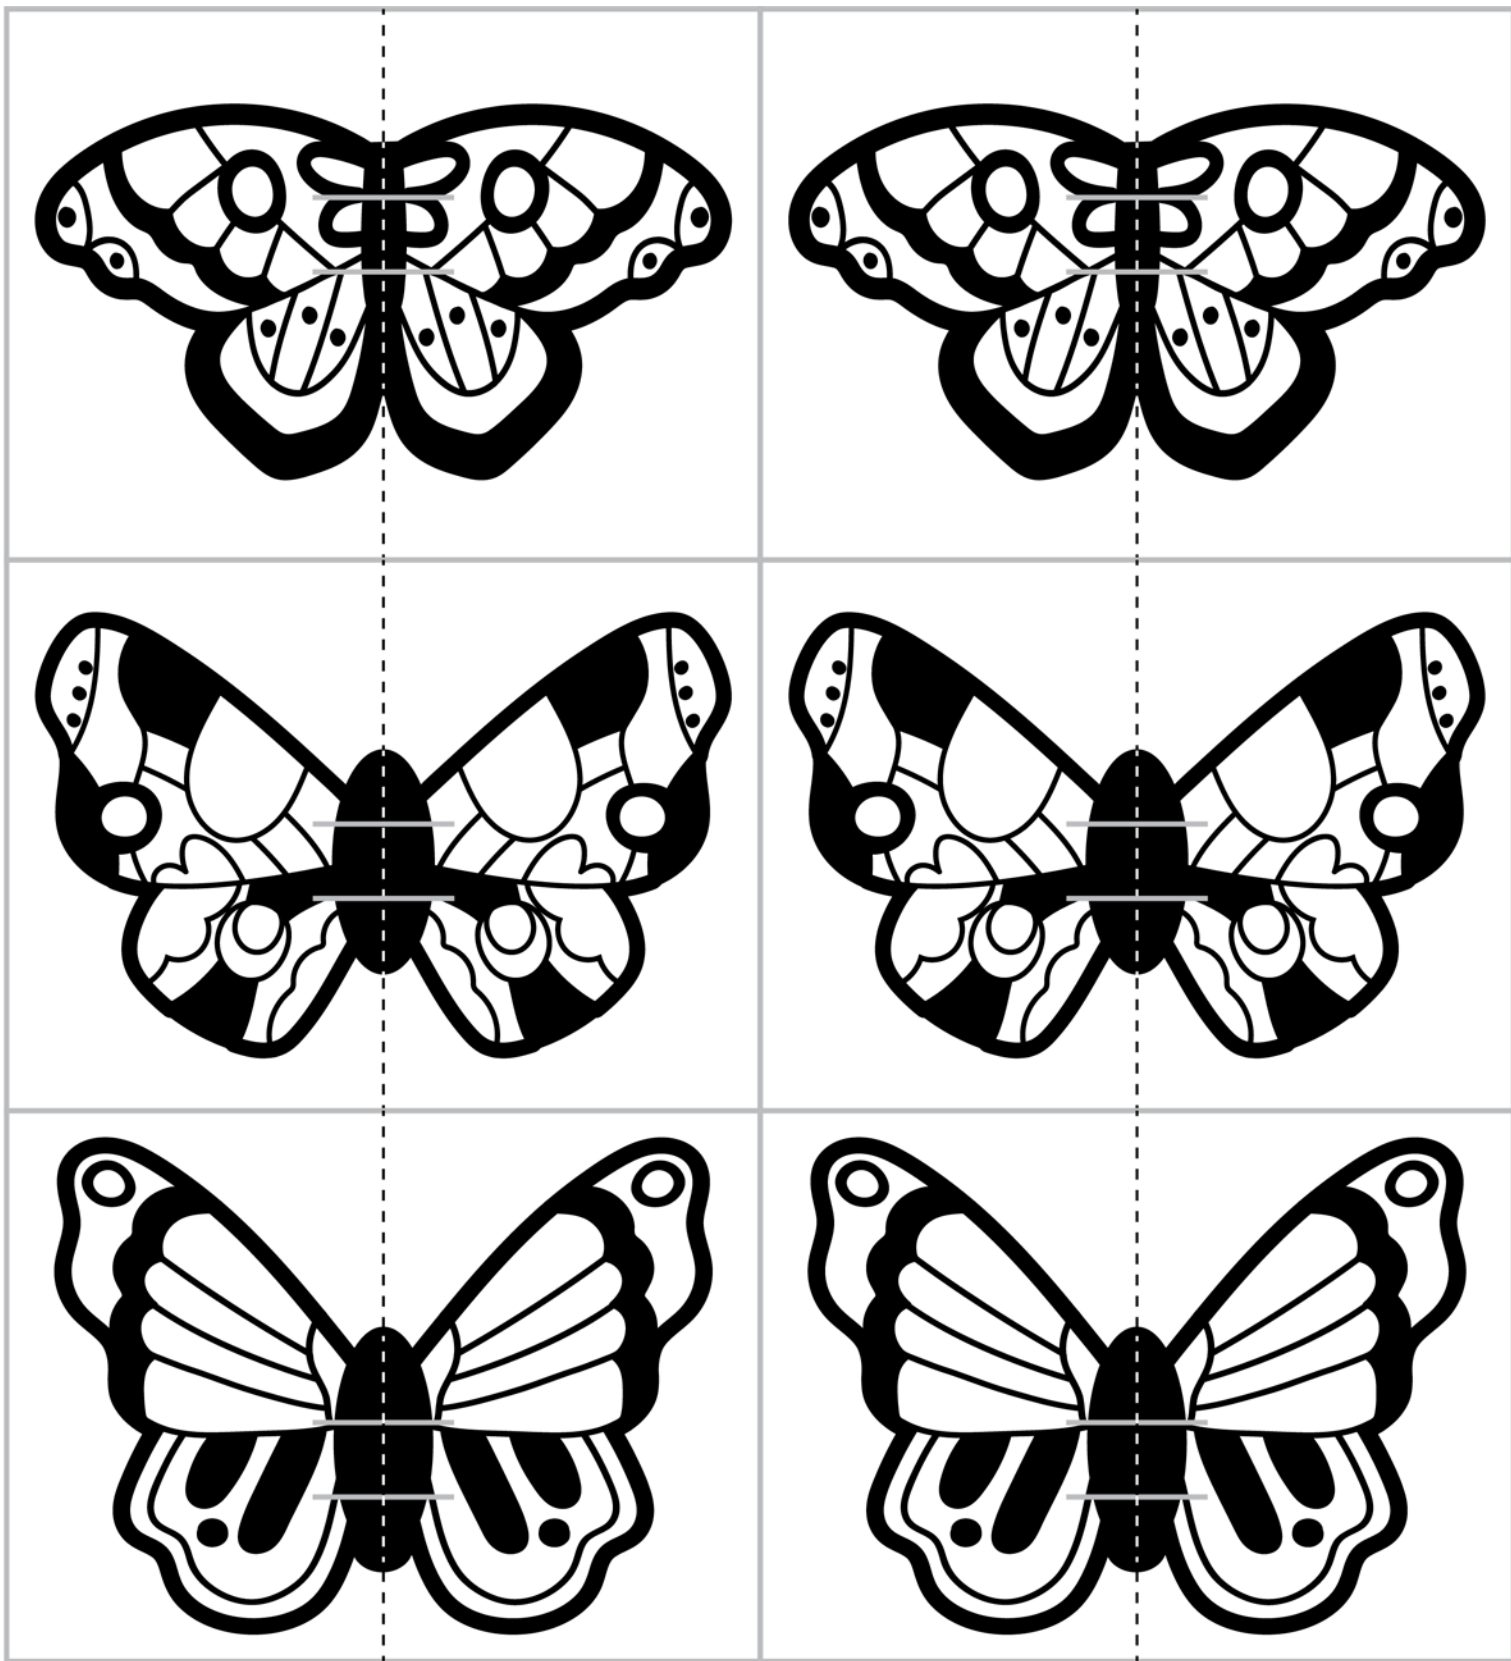

#### Directions:

1. Cut apart the butterfly designs following the gray borders.
2. Color a butterfly, fold the design in half along the dashed line, and cut out the butterfly and gray slits.

3. Bend the pipe cleaner in half and coil the ends to make the antenna. Add a Glue Dot to the folded end.
4. Slide the butterfly onto the pen and attach the antennae as shown above.
