

Alzheimer Society

PETERBOROUGH, KAWARTHA LAKES, NORTHUMBERLAND & HALIBURTON

To Our Valued Clients, Volunteers, Donors and Community Partners

2020 will be a year to remember as it has come with many challenges. During the first wave of COVID-19, in the Spring our Alzheimer Society staff continued to offer virtual and phone services. Since that time, we have recognized the ease with which we can continue to serve clients while working from our homes. In Fall, we returned to the office, restarted programs, and began visiting clients in face-to-face meetings with enhanced safety protocols.

As with many non-profit agencies we have been unable to host many of our in-person events that support fundraising for the Society. Our first commitment to; clients, volunteers, donors, and community partners, is to maintain our programs and services and ensure that we are fiscally responsible. As a result, we are closing our store front office that is located at 50 Mary Street in Lindsay on December 31, 2020.

We are moving!

We are moving to a satellite office at the City of Kawartha Lakes Family Health Team open to clients on Mondays (currently by appointment only). This continues our successful multi-year partnership in their memory clinic. The CKL Family Health Team is located at: 55 Angeline Street North in the Giant Tiger plaza. **Please call 705-748-5131 to book an appointment to meet with a Client Support Coordinator.**

What stays the same.

Our community programs such as individual visits, support groups, young-onset day service, Minds in Motion® and education remain the same in Kawartha Lakes and Haliburton. Support groups have been temporarily reduced, only due to the lack of available space as our former hosts continue to manage their COVID responses.

To our community partners we remain available for referrals, professional education, and any of our other services, call for more information.

To our donors, your support for Kawartha Lakes and Haliburton County will remain in these communities to help enhance and increase our services to our clients and community.
