## **How to Raise \$100 Fast!**

1. **Donate \$20 yourself.** That first donation is the hardest, so get yourself started on the right foot! \$80 to go!
2. **Ask 1 relative for \$10.**
3. **Ask 1 friend for \$10.** The cost of a movie.
4. **Get 1 co-worker to give you \$10.** That's eating out for lunch 1 less day this week. Half way there only \$50 left.
5. **Email 2 people you know** and ask for a small donation of only \$5.
6. **Get Social and post a message and link on Facebook or Twitter and ask for only \$5.** Just two \$5 donations will keep you on track.
7. The neighbour who always asks to borrow something from you - ask them for a \$10 donation.
8. You pay them for their services, now ask them for help. **Ask 1 person (auto-mechanic, insurance agent, dentist, doctor, etc.) for a \$10 donation.** Only \$10 left to raise!
9. **Ask 1 member of your group to donate the last \$10 you need.** If you are a member of a book club, social club, young professional group, church etc. this is a great place to get that last donation you need!
10. **Congratulations! You have reached your \$100 goal. Now that you're there, re-visit these steps and double your donations!**
