Additional Programs

WELCOME

At the Société Alzheimer Society of Sudbury-Manitoulin, North Bay & Districts, our dedicated staff and volunteers are committed to delivering the highest quality programs and services.

These are designed to support persons living with dementia and their care partners, enabling them to thrive within their community. Our programs and services are available to people of all ages affected by dementia, as well as to care partners, families, friends and all those who are providing support.

In addition, we offer various awareness programs open to the general public. If you have any questions after reviewing this guide, please don't hesitate to contact us.

PROGRAMS & SERVICES

First Link® Care Navigation

First Link® Care Navigation connects you with essential health and support services from the time of diagnosis throughout the entire progression of the disease. If interested, please contact us to complete a referral form. If you are already a client, please speak to your First Link® Care Navigator.

Eligibility: Persons living with dementia or their care partners.

Cognitive Assessments

Cognitive assessments are conducted by regulated professionals, either in your home or at our office.

The results are then shared with your healthcare provider for further guidance.

Eligibility: A referral from your primary physician or nurse practitioner is required.

Public Education

Our Public Education initiatives are entirely free of charge, offering a wide range of opportunities including informative presentations, comprehensive trainings, immersive simulations, and educational booths. To request an educational session, please contact us for an education request form.

Dementia Learning Series

This 4-week educational series is designed for those interested in learning more about dementia, effective communication strategies, behavioural changes, and more.

Support Groups

Our support groups provide a platform for families and individuals living with dementia to share personal experiences, expand their social network, and enhance feelings of self-worth and control.

PROGRAMS & SERVICES

Health Promotion Programs

We offer a variety of health promotion programs within the community that support physical, cognitive, and emotional well-being for individuals living with dementia and their care partners.

Friendship Circle

This group offers a way for persons living with dementia, their care partners, family and friends to socialize, develop friendships and share their experiences from their dementia journey all while enjoying activities in the community.

Adult Day Programs

Our Adult Day Programs, also known as the **Health Bistros**, provide a welcoming and secure environment for persons living with dementia, fostering compassion, a sense of security, and opportunities to embrace life while preserving dignity.

Locations: Sudbury | North Bay | Sturgeon Falls | Espanola | Powassan

If interested, please contact us to complete a referral form. If you are already a client, please speak to your First Link® Care Navigator.

In-Home Activation Programs

Our In-Home Activation programs are designed to support persons living with dementia by encouraging personal interests and recreational activities within the comfort of their own home.

If interested, please contact us to complete a referral form. If you are already a client, please speak to your First Link® Care Navigator.

Enhancing Care for Ontario Care Partners Program

In collaboration with the Sinai Health System Reitman Centre, the Enhancing Care (EC) Program provides therapeutic skills training to family members or unpaid care partners of persons living with dementia. This program offers practical skill-building and emotional support to help care partners manage the stresses and complexities of caregiving.

EDUCATION

Dementia Learning Series

This free 4-week dementia learning series is designed for care partners and persons wanting to learn more about dementia. It provides a comprehensive overview of dementia, communication strategies, responding to behaviour changes and support services to help along the journey.

 To **register** for any of the following groups, please contact us via email at **education@alzheimersudbury.ca** or call us at **705-560-0603**. Please provide your name, phone number, email address, and specify the group (and location) you wish to register for.

SUPPORT GROUPS

Care partner support groups

Tailored specifically for care partners and families, these groups provide a space to connect with others navigating the complexities of the dementia journey. These gatherings serve as valuable platforms for sharing experiences, offering mutual support, and collectively learning from the diverse perspectives within our community.

 To **register** for any of the following groups, please contact us via email at **education@alzheimersudbury.ca** or call us at **705-560-0603**. Please provide your name, phone number, email address, and specify the group (and location) you wish to register for.

*The star symbol indicates that some session dates have been adjusted to account for holidays and special events.

Coffee Club Support Groups

Created for persons living with dementia (PLWD), their care partners and families. In the initial segment of the support group, participants come together for shared discussions. However, the second half of the session is dedicated to separate meetings for care partners and PLWD. This unique format allows for focused conversations where care partners and PLWD can openly express their feelings, share triumphs, and discuss challenges on an individual basis.

 To **register** for any of the following groups, please contact us via email at **education@alzheimersudbury.ca** or call us at **705-560-0603**. Please provide your name, phone number, email address, and specify the group (and location) you wish to register for.

The Music Project

The Music Project offers personalized music players to our clients and community members living with dementia.

This program helps reconnect them with the soundtrack of their lives by providing MP3 players loaded with personalized music tailored specifically for those living with dementia or other cognitive impairments.

Each music player is shipped directly to their doorstep, making it easy and accessible for everyone.

To learn more about eligibility criteria, please visit musicproject.ca or speak with your First Link Care Navigator.
