with a purpose

Let's colour our world
with a message
of connection.

PAINT NIGHT FOR INTERMEDIATE ARTISTS

Let's colour our world with **Forget-Me-Not** flowers across every city in Canada. Each flower seen by a caregiver, person living with dementia, health care worker or support person makes a difference. We hope it lifts their spirits and yours.

WHAT YOU NEED:

- Gather your materials! You will need a blank canvas or base—ideally a new, already primed canvas or you can use an old canvas you want to repurpose or paint over.
- Blank paper (printer paper - any size)
- Cardboard from a recycled box to protect your surface
- Paint Brushes (3 different sizes if possible)
- Glass of water to rinse your brushes
- Paint/Colours (White, Blue, yellow, or whatever you have available)
- Acrylic (ideal as it dries faster than oil and is more opaque compared to watercolour)
